### Introduction

Love – the greatest virtue (Col. 3:14, 1 Cor. 13) and the deepest need of the human heart.

In a fallen world of scams and empty promises, who can we trust?

### **We can Trust in God's Love because of:**

1. **His Promises (c.f. Isa. 7:3-9)**

God's love is a faithful love.

God's love is gracious love.

2. **His Sign (Isa. 7:10-16)**

Signs are visible representations of a deeper reality, usually a promise of God.

Signs are given to assure people that what God has promised he will fulfil.

### **Response**

Choose to trust God, believe in his promises, and reject other loves.

For no matter how many promises God has made, they are “Yes” in Christ. (2 Cor. 1:20)

### **Conclusion**

Jesus is coming again, and when he does, “Immanuel” (and every blessing that accompanies his presence) will be ours forever.
